Item No. 6: To present the placement status and upcoming training for the AY 2024-25

Dr U Madhaviah, Training and Placement Officer informed that student data is shared with companies and some placement drives are in pipeline. He also presented the placement, internship and higher education statistics to the esteemed members of the Academic Council. He informed them that TPC implements a comprehensive 4-fold training programme right from the first year of B. Tech to train and assist students to get industry certified on in-demand employability skills to provide them better placements. He informed that On-site stipend-based student internships has been the priority ever since internships were made mandatory in the final semester for B. Tech students. He further informed the Academic Council that placement process is on going despite being slow in progress and results from the major recruiters is awaited.

Resolution-6 The Academic Council has approved the same.

Any other item with permission of Chairman

Item 7: Approval of the issue of Provisional Certificates and Consolidated Marks Lists to the students who graduated in the subsequent supplementary exams.

Resolution-7 : The Academic Council approved to issue the Provisional Certificates and Consolidated Marks Lists to the students who graduated in the subsequent supplementary exams and advised to ratify the results in the next Academic Council meeting.

Discussions: Dr B Bala Krishna, Director Evaluation, JNTUK congratulated the Exam Cell and Controller of Examinations for successfully accomplishing the task. As the results of the 2020-24 batch students were approved by the Results Committee and the process of conferring degree to the students can be initiated. He enquired about the variations if any in the college Academic Calendar.

Dr Venkat Reddy, Director of Academic Planning, JNTUK appreciated VVIT for its academic growth and the increased intake. He suggested that the college Academic Calendar may be synchronized with that of JNTUK as advised by APSCHCE for facilitating better planning of student internships in semester breaks, summer, and final semesters. He also encouraged the college to provide internships at the location of the industry rather than in online mode. He further expressed his hopefulness that all the EdX registered learners will successfully complete their certification in time and students with additional certifications would be preferred by their potential employers. Also he informed that all students must be encouraged to do their internship in APSCHCE listed companies. In case any potential company identified by institute, offers significant internships, it can be added to APSHCE, by raising a request. He advised the students to choose courses that are outside their academics based on their interest.

Dr Gopala Krishna, university nominee concurred with the ideas expressed by the Director of Evaluation and DAP, JNTUK. He suggested that a list of FDPs organized by the institution with details of duration and the FDPs attended by faculty outside the institution with details and duration may be presented. He observed the need for categorizing the patents into two groups as Design Patents and Utility Patents. He also suggested that Department wise statistics on Student Salary Packages and the information regarding innovative ideas from students and faculty be included in the presentation. He congratulated the Institute on its academic growth.

The Academic Council gave the approval to conduct Graduation Day and wished the graduating students success in their lives.

The meeting ended with a vote of thanks from the HoD, CSE expressing gratitude on behalf of the Students, Staff and Management of VVIT for their valuable suggestions given by the university members with a promise to follow and implement them diligently.
